Managements' Responsibility

To the Members of Thunderchild First Nation:

The accompanying consolidated financial statements of Thunderchild First Nation are the responsibility of management and have been approved by Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Thunderchild First Nation Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the financial statements. Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. Council is also responsible for recommending the appointment of the First Nation's external auditors.

MNP LLP, an independent firm of Chartered Professional Accountants, is appointed by Council to audit the consolidated financial statements and report directly to the members; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both Council and management to discuss their audit findings.

Director of Finance

Independent Auditors' Report

To the Members of Thunderchild First Nation:

We have audited the accompanying consolidated financial statements of Thunderchild First Nation, which comprise the consolidated statement of financial position as at March 31, 2017 and the consolidated statements of operations and accumulated surplus, changes in net assets, and cash flows and related schedules for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Thunderchild First Nation as at March 31, 2017 and the results of its operations, changes in net assets, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Notes to the Consolidated Financial Statements

For the year ended March 31, 2017

1. Operations

The Thunderchild First Nation (the "First Nation") is located in the province of Saskatchewan, and provides various services to its members. The Thunderchild First Nation financial reporting entity includes all related entities which are accountable to the First Nation and are controlled by the First Nation.

2. Significant accounting policies

These financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and include the following significant accounting policies:

Reporting entity

The financial statements consolidate the financial activities of all entities and departments comprising the First Nation reporting entity, except for First Nation business entities. Trusts administered on behalf of third parties by Thunderchild First Nation are excluded from the First Nation reporting entity.

The First Nation has consolidated the assets, liabilities, revenue and expenses of the following entities and departments:

- Thunderchild CMHC Housing;
- Thunder Oil Ltd.;
- Thunderchild First Nation Gas & Convenience Store;
- Moonlight Bay Gas and Convenience Store (inactive);

All inter-entity balances have been eliminated on consolidation; however, transactions between departments have not been eliminated in order to present the results of operations for each specific department.

The Thunderchild 1908 Surrender Trust and Thunderchild Treaty Land Entitlement Trust are not included in the consolidated financial statements as these entities are administered and controlled by trustees.

Thunderchild First Nation business entities controlled by the First Nation's Council but not dependent on the First Nation for their continuing operations, are included in the financial statements using the modified equity method. Under the modified equity method, the equity method of accounting is modified only to the extent that the business entity accounting principles are not adjusted to conform to those of the First Nation. Thus, the First Nation's investment in these entities is recorded at acquisition cost and is increased for the proportionate share of post acquisition earnings and decreased by post acquisition losses and distributions received. Entities accounted for by the modified equity basis include:

- Thunder Development Limited Partnership; and,
- Thunder Development Inc.

Basis of presentation

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Cash resources

Cash resources include balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Inventory for resale

Inventory is valued at the lower of cost and net realizable value. Cost is determined by the first-in, first-out method. Net realizable value is the estimated selling price in the ordinary course of business, less selling costs.

2. Significant accounting policies *(Continued from previous page)*

Portfolio investments

Long-term investments in entities that are not controlled or jointly controlled by the First Nation reporting entity are accounted for using the cost method. They are recorded at cost, less any provision for other than temporary impairment.

Funds held in Ottawa Trust Fund

Funds held in trust on behalf of First Nation members by the Government of Canada. Trust moneys consist of:

- Capital trust moneys derived from non-renewable resource transactions on the sale of land or other First Nation tangible capital assets; and
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

Revenues from Trust moneys are recognized when measurable, earned and collection is reasonably assured. These moneys are reported on by the Government of Canada.

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets and prepaid expenses.

Tangible capital assets

Tangible capital assets are initially recorded at cost. Contributed tangible assets are recorded at their fair value at the date of contribution.

Amortization

Tangible capital assets are amortized annually using the straight-line method at rates intended to amortize the cost of the assets over their estimated useful lives:

	Rate
Buildings and leasehold improvements	25-40 years
CMHC housing	40 years
Band housing	40 years
Computer hardware and software	4 years
Vehicles and equipment	5-10 years
Water and sewer	40 years

Long-lived assets

Long-lived assets consist of tangible capital assets. Long-lived assets held for use are measured and amortized as described in the applicable accounting policies.

The First Nation performs impairment testing on long-lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset, or group of assets, may not be recoverable. The carrying amount of a long-lived asset is not recoverable if the carrying amount exceeds the sum of the undiscounted future cash flows from its use and disposal. Impairment is measured as the amount by which the asset's carrying amount exceeds its fair value. Fair value is measured using prices for similar items. Any impairment is included in surplus for the year.

2. **Significant accounting policies** (Continued from previous page)

Net financial assets (net debt)

The First Nation's financial statements are presented so as to highlight net financial assets as the measurement of financial position. The net financial assets of the First Nation is determined by its financial assets less its liabilities.

Revenue recognition

Non-government Funding

Non-government funding revenue is recognized as it becomes receivable under the terms of applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the statement of financial position in the year of receipt.

Government Transfers

The First Nation recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the First Nation recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

Funds held in Ottawa Trust Fund

Due to measurement uncertainty, revenue related to the receipt of funds held in the Ottawa Trust Fund is recognized when it is received in either the Band Capital or Band Revenue account.

Other revenues

Lease revenue is recognized over the lease term. Other revenues are earned from other services provided by the First Nation and are recognized when the service has been provided.

Revenues from gross overriding royalties on interests in natural gas and petroleum properties is recognized when it is measurable, earned and collection is reasonably assured.

Revenues from retail sales are recognized upon completion of the sale transaction and is earned, measurable, and collection is reasonably assured.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. These estimates/assumptions are reviewed periodically and, as adjustments become necessary, they are reported in the records in the periods in which they become known.

Accounts receivable are stated after evaluation as to their collectibility and an appropriate allowance for doubtful accounts is provided where considered necessary.

Member advances are stated after evaluation as to their collectibility and an appropriate allowance for doubtful accounts is provided where considered necessary.

Note receivable is stated after evaluation as to its collectibility and an appropriate allowance for doubtful account is provided where considered necessary.

Provisions are made for slow moving and obsolete inventory.

Investment impairments are based on the net recoverable value of the investment.

Amortization is based on the estimated useful lives of tangible capital assets.

Liabilities for contaminated sites are estimated based on the best information available regarding potentially contaminated sites that the First Nation is responsible for.

Thunderchild First Nation
Notes to the Consolidated Financial Statements
For the year ended March 31, 2017

2. Significant accounting policies (Continued from previous page)

Liability for contaminated site

A liability for remediation of a contaminated site is recognized at the best estimate of the amount required to remediate the contaminated site when contamination exceeding an environmental standard exists, the First Nation is either directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount is determinable. The best estimate of the liability includes all cost directly attributable to remediation activities and is reduced by expected net recoveries based on information available at March 31, 2017.

At each financial reporting date, the First Nation reviews the carrying amount of the liability. Any revisions required to the amount previously recognized is accounted for in the period revisions are made. The First Nation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made.

No provision for contaminated sites has been reported in these consolidated financial statements.

Segments

The First Nation conducts its business through ten reportable segments: Band Government, Capital, Community Infrastructure, Economic Development, Education, Health, Ottawa Trust Funds, Project Revenue, Reserves and Trusts, and Social Development. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information. Administration fees have been apportioned based on a percentage of budgeted revenue, where permitted by the funder.

The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements. Inter-segment transfers are recorded at their exchange amount.

On June 1, 2017 the loan to Talio Resources Ltd. was repaid to the First Nation in full plus interest of \$375,000 and an advisory fee of \$2,000,000.

In 2015, the First Nation granted a note receivable to the Kihew Kereru Limited Partnership in the amount of \$1,500,000. The note receivable is repayable to the First Nation when the Limited Partnership generates revenues of \$25,000,000; there have been no terms for interest determined for the note receivable to the Limited Partnership.

The First Nation has also recorded an allowance for doubtful account totaling \$1,500,000 against the net recoverable value of its note receivable with the Limited Partnership.

9. Restricted cash and deposits

Thunderchild First Nation is required under agreement with CMHC to set aside funds to finance future qualifying housing expenditures. These funds are externally restricted and invested in guaranteed investment certificates \$600,000 (2016 - \$296,706). Restricted cash also consists of funds for Per Capita payments as prescribed by the Thunderchild 1908 Surrender Trust Agreement for members who have turned 18 during the year in the amount of \$389,140 (2016 - \$450,143).

16. Contingencies

A statement of claim was filed against the First Nation in 2008 alleging unpaid professional fees of \$252,417. There has been no activity regarding this matter in 2017. Management believe the claims are without merit and does not anticipate any liability from the actions. If any liability arises, it will be recorded in the period it is determined.

The First Nation has been named defendant in wrongful dismissal suits originating in 2006, 2008, and 2012 by three former employees. No damages have yet been specified by the claimants. There has been no activity from these suits in 2017.

These financial statements are subject to review by the First Nation's funding agents. It is possible that adjustments could be made based on the results of their reviews.

17. Guarantees

The First Nation has guaranteed economic development loans to First Nation members. In the event of default by a member, the financial institution will draw funds from Thunderchild First Nation's temporary investment which has been set aside to cover member loan defaults (Note 5). Thunderchild First Nation's current exposure relating to loan guarantees as at March 31, 2017 is \$20,851 (2016 - \$5,097).

During the year \$nil funds from Thunderchild First Nation's temporary investments were drawn upon relating to defaulted loan guarantees (2016 - \$54,236).

19. Equity in CMHC Reserves

Operating Reserve

The First Nations' CMHC Housing Program receives funding pursuant to the Post 1997 - Fixed Subsidy Program. Any surpluses are externally restricted and reserved for future operating losses that relate to the operation of houses under this Program. At March 31, 2017 \$nil (2016 - \$nil) has been set aside to fund this reserve. The operating reserve is fully funded at March 31, 2017 (2016 - fully funded).

Replacement Reserve

As required as part of the First Nation's CMHC Housing Program, a replacement reserve has been established for replacement of capital equipment and for major repairs to the houses. At March 31, 2017, \$723,632 (2016 - \$687,001) is required to be on deposit to fund this reserve. The unfunded portion at March 31, 2017 is \$123,632 (2016 - \$204,876).

20. Economic dependence

Thunderchild First Nation receives a portion of its revenues from the Government of Canada as a result of Treaties entered into with the Government of Canada. The ability of the First Nation to continue operations is dependent upon the Government of Canada's continued financial commitments as guaranteed by these treaties.

21. Other economic interest transactions

During the year, the First Nation received contributions from the following related entities. These amounts are recorded in accordance with the terms of the applicable Trust Agreements.

	2017	2016
Contribution revenue from Thunderchild 1908 Surrender Trust, related by similar membership	2,163,287	1,997,367

24. Budget information

The budget process followed by management only includes activities managed directly by the First Nation. Management does not prepare a budget for capital projects administered through third party project managers. As such no amounts have been included in the annual budget of the First Nation for the water treatment plant.

Management does not prepare budgets for contributions from Thunderchild TLE revenues or contributions from Thunderchild 1908 Surrender Trust.

Management does not budget for amortization expenses, Health Program operations, and the retail operations of the Thunderchild Gas Bar; as such, no amounts have been included in the annual budget of the First Nation.

The disclosed budget information for Thunderchild First Nation activities has been approved by the Chief and Council of Thunderchild First Nation on January 22, 2015.

25. Segments

The First Nation has 10 reportable segments. these segments are differentiated by the major activities or services they provide. The First Nation's segments are as follows:

Band Government - includes the administration and governance of the First Nation.

Capital - reports on capital projects.

Community Infrastructure - includes activities for the maintenance of the community and its infrastructure.

Economic Development - reports on the First Nation's economic development activities.

Education - includes the operations of the Education programs.

Health - includes activities pertaining to the health and well being of its members.

Ottawa Trust Funds - reports revenues allocated to the fund and transfers to other segments.

Project Revenue - other programs not funded by government agencies.

Reserves and Trusts - includes activities for the development of the First Nation's land, and revenue from its Trusts.

Social Development - activities include delivering social programs.

Inter-segment transfers are recorded at their exchange amount. The accounting policies of the segments are the same as those described in Note 2.

Details of the segment revenues and expenses are provided in the accompanying schedules. There are no revenues or expenses that have not been allocated to a segment.

26. Comparative figures

Certain comparative figures have been reclassified to conform with current year's presentation.

27. Subsequent events

1) Subsequent to year-end, Thunderchild First Nation borrowed \$10,000,000 from a private equity firm. The proceeds were contributed to a new wholly owned investment TFN Investment Corp. TFN Investment Corp used these proceeds to invest in a 9.94% interest in Prairie Thunder Resources LP.

2) Subsequent to year end, the Thunderchild Chief and Council and Trustees of the Thunderchild Treaty Land Entitlement Trust approved Community Development Initiative Funds of \$1,064,978 for Thunder Farms LP. The funds are intended to cover the start up and operating costs of Thunder Farms LP including management services, fuel, agronomy, professional fees, seed, chemical, crop insurance, and fertilizer costs totaling \$1,064,978.

28. Compliance with authorities

The First Nation is required to make its financial statements publicly available and submit its financial statements to Indigenous and Northern Affairs Canada by July 29, 2017. As the audit report date is dated after July 29, 2017, the First Nation is in breach of this requirement. The possible effect of this breach has not yet been determined.
